# Your bill looks a bit different

We've updated the look to make it easier to find the information you need.

# What's changed

The new design makes your bill easier to read so you can find the information you're looking for faster.

Contact the following agencies for information about electricity and the environment:  
Minnesota Pollution Control Agency at [www.mpcr.state.mn.us](http://www.mpcr.state.mn.us)  
Minnesota Department of Commerce at [www.commerce.state.mn.us](http://www.commerce.state.mn.us)  
You also may call our "Elec Center" at 800-483-3289 or visit [otepg.com](http://otepg.com).

The cost of electricity is composed of three main parts: generation, transmission, and distribution. For residential customers, each component's share of the total cost is:  
Generation 48%  
Transmission 15%  
Distribution 37%  
These percentages are residential group averages. Your individual use may result in percentages that vary from these averages.  
Above percentages may not total 100% due to rounding.
